2. Mr. Fred Shipman sometime ago advised  the Working Group Chairman, that State Dept. was not interested in having a representative attend the Working Group Meetings. If you or one of your people are now interested in attending the meetings, I am sure Mr. Shipman will be happy to make the arrangements. If you have any questions, please call me.

3. I want you to know we appreciated very much the briefing you gave us on the State processing system. I am sure it will prove mutually beneficial.
